February 16,
2012: Great
Burgundy Values:
Wines of the Côte
Chalonnaise. Just south of the
famed Côte d'Or, we find Bur-
gundy's red-headed stepchild,
the Côte Chalonnaise. The vast
majority of this region's wines
are made from pinot noir and
chardonnay, just like in the more
prestigious appellations to the
north, and though they may not
display the same breathtaking
grace and beauty, their prices
are not nearly as breathtaking,
either. Tonight we'll delve into the
history of the oft-maligned Côte
Chalonnaise and sample a su-
perb group of wines from its five
main villages (Bouzeron, Rully,
Mercurey, Givry and Montagny).

Taste what happens when a wine-
grower gets out of the way and
lets nature make a great pinot!
